American Students Organize Founding The

Believing strongly in the nation's founding principles of liberty and justice for all, they brought this vision into their religious, social, and political organizations-and into the halls of student government. American Students Organize puts a human face on that pivotal time in American higher education-the time of the Cold War and the Red Scare, of the desegregation of the campus and of social organizations, and, especially, of creative engagement by students in civic and world affairs ...

Eugene G. Schwartz's American Students Organize, an "anthology and source book" on the founding and first years of the National Student Association (NSA), 1947-1952, is far more than a compilation of documents, timelines, and rosters tracing the history of an organization. Through memoirs, journal articles, and reports written by the students, the book offers the historian insight into the women and men who founded the NSA.
