I like how you said that acupuncture is best for people who aren't relieved from muscle or joint pain after being adjusted by a chiropractor. My dad got into an accident a couple of weeks and went to a chiropractor but he still says his back hurts. I'll talk to him about getting acupuncture to see if it helps him out or not.

Chiropractic vs Acupuncture: Which Is Right for You ...

Body parts where acupuncture needles get inserted can feel sore after needles are removed. I've found that this most commonly occurs with points in the hands and feet, especially Large Intestine 4, an acupuncture point located between the thumb and index finger. You also may experience muscle soreness away from the needling site if a trigger or ashi point was released during your treatment.
