Land Management As Public Policy

Land Management as Public Policy discusses goals, plans, and implementation means concerning public interference in land management after a more principal discussion of how far this ought to stretch itself and to what degree market forces and inputs of individuals predominate. The book begins with an introduction, definitions, and background information, followed by a more general discussion concerning goals, objectives, and different aspects on planning and implementation methods.

The BLM promotes multiple-use on public lands, consistent with the Federal Land Policy and Management Act (FLPMA). This means supporting an all-of-the-above energy approach through environmentally responsible development; promoting conservation through shared stewardship; managing our borders effectively; promoting jobs on working landscapes; and serving the American family - which includes being good neighbors and recognizing traditional uses of public lands (i.e., hunting, fishing, and ...
