1987 would also be the last year for the 6.9 liter diesel; a new 7.3 liter oil burner would take its place in 1988. As for transmissions, the old-school three-speed manual "three on the tree" was finally replaced with a traditional four-speed manual as the standard transmission across the line (F-150 models used a four-speed with overdrive), with three or four-speed automatics all optional.
