Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Hi everyone! As some of you can probably remember this, a while ago, during last year, a GCSE thread was made which consisted purely of extremely hard GCSE questions, and some even stretched beyond the current new GCSE maths Spec, and majority of them were grade 9 or even higher questions to test the limits of students.
