HSE training as a part of their orientation. The Rig Pass course is usually completed in a one-day, eight-hour class.

Rig Pass Study Guide - skinnynms.com

The key objective of RIG PASS is to provide new employees with a basic orientation of rig operations and safe work practices. Ideally, this should occur before the employee begins work at the rig. However, due to various logistical conditions in the drilling industry, this will not always be possible.

Q: Why did IADC decide to transition to WellSharp? IADC members (through committees and workgroups) recognized that 1) lessons learned from the previous program could lead to improvements; 2) content in the previous program needed to be updated due to changing technologies, processes, and best practices; 3) the public and the major players in our industry have increasingly demanded quality and ...
