Taxation Definition

The balance and interconnections between regulation and taxation of financial activities have come under closer scrutiny as a result of the crisis that began in 2008. The main reason is that both regulation and taxation represent policy tools for curbing systemic risk, a peculiar case of externality resulting from contagion in financial markets.

Regulation and Taxation: Economics and Politics - Oxford ...

Many countries have already begun to reform the taxation and regulation of the financial sector -- in the United States, for example, the Dodd--Frank Act became law in 2010; in Europe, different countries have introduced additional taxes on the sector and made substantial progress toward a banking union for the eurozone.

Taxation and Regulation of the Financial Sector on JSTOR

The financial crisis has triggered new debates on regulation and taxation of the financial sector. Economists and policy makers were challenged to understand the sequence of events and the complex interactions between financial markets and the real economy--often not captured by economic models. The literature on banking and finance has paid almost no attention to policy design, such as ...
